

FEBRUARY

EDTECH CHALLENGE -- USE TECH TO SPREAD KINDNESS

INSPIRE OTHERS BY SHARING YOUR CREATIONS VIA SOCIAL MEDIA

#KINDTECH #RAK16 #BEKINDTOONEANOTHER

<p>DAY 1</p> <p>Check out teacher lesson plans on the Random Acts of Kindness Foundation website. Choose one area that might be good for your class to tackle during February!</p> 	<p>DAY 2</p> <p>Share an inspiring video with your class from the Kindness daily section of the www.randomactsofkindness.org website.</p> 	<p>DAY 3</p> <p>Create a Random Acts of Kindness Word Cloud using Word Mosaic or Wordle. Everyone adds a kind deed or a kind word about another student!</p> 	<p>DAY 4</p> <p>Use a mobile device to take pictures of kindness students witness all day long. Post to classroom Social Media page (Twitter, Edmodo, or Classroom) with a comment about the action.</p> 	<p>DAY 5</p> <p>Create Random Acts of Kindness Generator in Scratch. Use RAK.org website for ideas to put in your kindness generator program!</p> 	<p>DAY 6</p> <p>Use Google Drive to write a Kind letter and drawing, share in Google Classroom or other classroom management system.</p> 	<p>DAY 7</p> <p>Use PicMonkey to create a kindness gram for a friend.</p> <p>Use random team generator to assign recipient of kindness gram.</p> 
<p>DAY 8</p> <p>Create a QR Code with a Hidden Kindness Message</p> 	<p>DAY 9</p> <p>Use Pictocharts to create a cool infographic about Kindness to post at your school!</p>  <p>Pull Data from why kindness is important page of RAK.org website</p>	<p>DAY 10</p> <p>Create a kindness meme with Meme Generator.</p> 	<p>DAY 11</p> <p>Use Skitch to create a silly selfie that lists the things you love about yourself!</p> 	<p>DAY 12</p> <p>Use the video app Boomerang to create a Random Acts of Kindness Vine.</p> 	<p>DAY 13</p> <p>Use Garageband or Soundtrap to write a love song/rhyme/haiku.</p> 	<p>DAY 14</p> <p>Use Voki or Tellagami to create an avatar valogram... create a fun background with a kind message!</p> 
<p>DAYS 15-17</p> <p>Combine all of the skills learned this month to create a movie or slideshow with music using iMovie, Animoto, Prezi, Emaze, or Google Slides!</p>
